SHOT IN THE BACK,

The President of a Defunct Bank Shot by

Yesterday morning W. R. Warren of Emporia, formerly the president of a de-funct bank at Mulvane, in which several creditors lost considerable money, was shot in the back at Wellington and seriously if not fatally wounded. The following ac-count of the affair was kindly furnished the Eagle by Fred Bohanna, editor of the Wellington Daily Mail, who is in a position to know all the facts. He says:

"Au unsuccessful attempt was made this morning to kill W. R. Warren of Mulvane bank failure notoriety. Mr. Warren and his attorney, I. E. Lambert, came down from Emporia a day or two ago, and about 8:30 o'clock this morning, as the two men were walking toward the court banes, they were saturaked from the ago, and about \$3.90 o'clock this morning, as the two men were walking toward the court house, they were attacked from the rear by a man named John Timm, who quietly drew a revolver from his pocket and shot Mr. Warren in the back. Before he could fire another shot, if such was his intention, Warren covered him with a revolver which he was carrying and compelled Timm to point his weapon toward the ground. W. S. Nelson and R. L. Dawidson, who were witnesses of the affair, quickly approached the scene, and after a few minutes' parleying secured possession of both revolvers. Timm was taken to jail by Mr. Davidson, while Mr. Nelson accompanied Warren to the office of Dr. Freeman, who probed for the ball. The injured man was later removed to his room at the Arlington, and is at present resting quite easy. All efforts to recover the ball mave as yet proved futile, and as Mr. Warren has expressed a desire to be home, he will be taken to Emporia this evening. Tomorrow morning he will be placed under the influence of chloroform and further search for the ball will be made. and further search for the ball will be

made.
The attempted killing is the outgrowth of a large amount of money which Timm lost in the wreck of the Mulvane bank some months ago. Ever since his loss he has repeatedly threatened to kill Warren, and appeared disappointed after his attempt this morning to find that his premeditated plans had failed. Timm was released from jail a few weeks ago, having been confined there for threatening the life of the wounded man."

PLEASED WITH THE "PIRATES,"

Professor Halleck of Guthrie has the following to say concerning the visit of the "Pirates of Penzance" to the capital

of Oklahoma. The "Pirates have come and gone, and have left behind many newly made friends. Their performance last night was excel-lent. The audience was made up of our representative citizens and all expressed themselves delighted with the entertainment. The Police squad under Mr. Hamman, was encored repeatedly. Miss Copeland was in excellent voice and was a general favorite. Of Mr. and Mrs. Raff's singing and acting we can only say it was equal to that of professionals. The choruses were well rendered, and showed excellent training. Robert Sweet as Frederic and Fred Sweet as the Major, played their roles well. Suffice it to say that the entertainment was the best of its kind ever given in Guthrie and the delightful music of Shaw's orchestra carried us away. During the afternoon the Wichita friends were driven about the city and after the entertainment a reception given at the opera house where Guthrie and Wichita tripped the light fantastic "till the wee sma hours." Pirates of Pinzance, one and all, we are glad you came among us. You have left many pleasant memories and your coming has made stronger the ties of friendship that exists between the two cities. You are always welcome. Come again. The faithful work of Mr. Henry MacLachlan was evident. He should feel complimented at the result of his labor. The Pirates left on the north bound train this morning.
